

ANOTHER SPECIAL NEWSLETTER

AUGUST 2020

We decided that Aussie Will should be accompanied, at least for part of his epic journey to Oz. And so we have organised a virtual Race for Clean Water 2020.

This will take place in November so there's plenty of time to get into training. We know that many people were not able to take part in the 5 and 10 k runs in which they normally participate this year, because of lockdown and so this is the ideal opportunity, before Winter sets in, to get out and about.

It doesn't have to be running and there are no time trials – no firsts, seconds and thirds. Everyone who takes part will receive a medal and a goodie bag. You can run, cycle, static cycle as William is doing, or walk. It doesn't have to be done in a couple of hours or even one day, and you can sign up for the 5k or, for the more enthusiastic, the 10k.

Sharing details about the virtual race so that your friends can participate too would be great, as would e mailing or social media tagging your local press.

Here are details of the event. Registration is now open.

Good luck to everyone who participates. Please send us photos:
